

STATE OF MAINE
PUBLIC UTILITIES COMMISSION

Docket No. 2002-599

November 13, 2002

VERIZON NEW ENGLAND INC.
D/B/A VERIZON MAINE
Request for Approval of Amendment No. 1
to Interconnection Agreement with
New England Fiber Communications, L.L.C.

ORDER APPROVING
AMENDMENT NO. 1 TO
INTERCONNECTION
AGREEMENT WITH
NEW ENGLAND FIBER
COMMUNICATIONS, L.L.C

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

In this Order, we approve an amendment to an Interconnection Agreement between New England Telephone and Telegraph Company d/b/a NYNEX (NYNEX) and New England Fiber Communications, L.L.C. (NEFC), pursuant to section 252 of the Telecommunications Act of 1996.

On August 26, 1997, in Docket No. 97-502, the Commission approved an interconnection agreement between NYNEX and NEFC. On August 1, 2000, NYNEX changed its name to Verizon New England Inc. d/b/a Verizon Maine.

On October 3, 2002, Verizon Maine filed Amendment No. 1 to its agreement with NEFC pursuant to 47 U.S.C. § 252, enacted by the Telecommunications Act of 1996. Section 252 allows interconnection agreements that provide for interconnection between an incumbent local exchange carrier (ILEC) and another telecommunications carrier, including a competitive local exchange carrier (CLEC). An interconnection agreement may allow a telecommunications carrier to purchase unbundled network elements or local services at a discounted wholesale rate (the discount reflecting avoided cost), or both, from an ILEC (or CLEC). The amendment provides for the addition of MCImetro Access Transmission Services, LLC (MCImetro) as a party to the agreement. On August 7, 2002, in Docket No. 2002-306, the Commission authorized MCImetro to provide local exchange services in Maine.

Section 252(e)(2) states that a state commission may reject a negotiated agreement only if it finds that "the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement" or if "the implementation of such agreement or portion is not consistent with the public interest, convenience and necessity." We received no comments by the comment deadline set in an October 24, 2002 Notice of Agreement and Opportunity to Comment. We do not make either of the findings set for in section 252(e)(2) for rejection, and we therefore approve the agreement amendment.

We reserve judgment on whether the rates contained in the amended agreement are reasonable from the perspective of Verizon Maine's retail ratepayers. Verizon Maine

is presently under an alternative form of regulation (AFOR) ordered by the Commission in Docket No. 94-123. The AFOR began in December, 1995. Under the AFOR, Verizon Maine bears the risk of lost revenues resulting from rates that are too low. In Docket No. 99-851, we have continued the AFOR until May 31, 2006. We do not resolve whether Verizon Maine is receiving reasonable compensation from any CLECs that may avail themselves of the rates provided to NEFC or MCImetro, pursuant to 47 U.S.C. § 252(i).

The agreement amendment filed by Verizon Maine provides for interconnection between NEFC, MCImetro, and Verizon Maine's network in Maine. If NEFC or MCImetro seek to interconnect with networks maintained by other incumbent local exchange carriers in Maine, it must seek a termination, suspension, or modification of the exemption contained in 47 U.S.C. 251(f)(1)(A).

ORDERING PARAGRAPHS

Accordingly, we

1. Approve Amendment No. 1 to the Interconnection Agreement between New England Telephone and Telegraph Company d/b/a NYNEX and New England Fiber Communications, L.L.C. attached hereto, pursuant to 47 U.S.C. § 252(e); and

2. Order that the Administrative Director shall make a copy of the attached Amendment available for public inspection and copying pursuant to 47 C.F.R. § 252(h) within 10 days of the date of this Order.

Dated at Augusta, Maine, this 13th day of November, 2002.
